The Woman's Christian Temperance Union After Justice.

DR. HUSTON ASKED TO APOLOGIZE

The Members of the Union Deem the Apology Simply Adding Insult to Injury. Reverend Huston Termed Doctor Tracy a Fraud—The Evangelist May Take a Hand in the Matter.

Dr. N. W. Tracy came to East Liverpool under the auspices of the Woman's Christian Temperance Union. The ministers of the city did not work in accord with the evangelist and the association, on account of it being the week of prayer, and all of the churches were holding special services. Dr. Tracy conferred with the ministers and asked for their assistance, but they deemed it unwise to give it, under the circumstances, and suggested that the temperance workers should postpone their services for the time being. The evangelist questioned as to the number of church members in the city, and then as to the number of inhabitants, and found he had about 9,000 to draw from, those who were non-attendants at the various churches, and he told the ministers he had all the arrangements made for the work and would go ahead, stating that it was not church members he was anxious to have at his meetings. At an after church meeting in the First M. E. church, Rev. J. M. Huston, pastor of the church, made statements from his pulpit which led the members of the Woman's Christian Union to believe that the minister had termed Dr. N. W. Tracy a fraud; further, the minister condemned any association that would bring such a man to the city and permit him to work under its auspices. The members of the Woman's Christian Temperance union were justly indignant, and appointed a committee to wait upon Reverend Huston and ask him to furnish the proof of what he publicly said, if he had such proof in his possession. This committee met Reverend Huston, and he said to the committee that he had proofs sufficient to convince himself that Tracy was a fraud; but he failed to adduce any proof to the ladies. He made assertions that Reverend Reager, of Wellsville, had loaned money to Doctor Tracy, and the latter had not paid back the money. This was afterward investigated and found to be untrue, on the word of Reverend Reager himself. The ladies do not believe that Reverend Huston intended to tell an untruth; but they do believe that, as a Christian minister, he had no right to give voice to a rumor which vitally affected the character of any man. Not an iota of proof was given to the ladies, and the following letter was then sent to the minister in question. Let it speak for itself:

Rev. J. M. Huston, D. D.:

SIR—Respecting the matter of Dr. N. W. Tracy's character and standing as a gentleman and as a Christian. Respecting the statements you made to the committee from the Woman's Christian Temperance union. Respecting the charges you publicly made from your pulpit, reflecting not only upon the character and standing of Dr. N. W. Tracy, but upon our beloved organization, the Woman's Christian Temperance union, under whose auspices Dr. N. W. Tracy lectured in East Liverpool. Here you have the result of our careful consideration, from documentary evidence furnished by presiding elders of the Methodist Episcopal church; from ministers of the Methodist Episcopal church; from public men and from organizations under whose auspices Dr. N. W. Tracy has lectured, all over the land:

We, the committee appointed by the Woman's Christian Temperance union of East Liverpool, have carefully and conscientiously examined all the so-called proof said to exist against Dr. N. W. Tracy, and we find that not an iota of proof of evil or bad conduct, or conduct unbecoming a Christian gentleman, has been brought to light. On the contrary, all of our investigations have demonstrated the fact, in so far as we can ascertain, that Dr. N. W. Tracy is a consistent Christian man, earnestly engaged in the attempt to benefit and lift up fallen humanity. Believing you to be a Christian minister, eager to help the fallen, and to aid and assist those who, through the mercy of God, have been redeemed from the curse of rum and sin, and knowing that you have publicly, from your pulpit, intimated that Dr. N. W. Tracy is a fraud, and that you would not commend any organization which was instrumental in bringing him to East Liverpool, we respectfully ask that you shall publicly, from your pulpit on Sabbath next, give this,

the result of our careful and conscientious investigation, to the public, through the medium of your congregation. Hoping you will aid the right and help the truth, we remain,

Respectfully,

MRS. HOWARD,
MRS. BEARDMORE,
MRS. SWAN,
Committee W. C. T. U.

It was expected that Reverend Huston would publicly make amends for what were considered the wrongs he had inflicted upon innocent parties, and the services of yesterday were anxiously awaited. The result has not satisfied the Woman's Christian Temperance union, by any manner of means, some of the members, intelligent, conservative and conscientious ladies, remarking that the apology, if it deserves the name, was very lame, while others deem the apology, such as given, simply adding insult to injury.

Dr. N. W. Tracy's side of the question has not yet been made public. It is stated, on what should be good authority, that Dr. N. W. Tracy will demand that justice be done him and amends made. His character has been impeached and an attempt made to blacken it, and he believes that patience has ceased to be a virtue. Doctor Tracy expects curses and vile accusations at the hands of saloonists and dealers in rum and other concoctions brewed by the devil; but he does not expect that ministers of the gospel will aid this evil class, directly or indirectly. The evangelist, accompanied by members of the Woman's Christian Temperance union, called at the home of Reverend Huston, but the latter was absent. We await developments. Doctor Tracy will give an entertainment in the East Liverpool opera house on Friday night, Jan. 29, under the auspices of the auxiliary to the Young Men's Christian association. He certainly does not fear the light of investigation. This is certainly not the action of a guilty man, and the evangelist evidently believes in the righteousness of his cause, or that truth and right will prevail.

ENDORSES DOCTOR TAGGART.

He Would Be an Improvement Over Some Legislators.

The Wellsville Union endorses Doctor Taggart in these words: "The name of Dr. J. C. Taggart, of East Liverpool, is suggested for state representative. It is very doubtful if Doctor Taggart could be prevailed upon to leave the ministry, even temporarily, for a chair in the legislative halls, though he might aid in legislation we much need and which we might have had last session if a few representatives, among whom was our own Mr. Ashford, had done their duty. Doctor Taggart is one of the most resolute Republicans in the land, standing firm as a rock, though the majority of his brethren in the ministry have gone over to the prohibition party and have brought all their influence to bear on him to take him also. He is a man from whom might be expected only the most salutary legislation, and who would do honor to the county as it has not been honored in many years. He is a man of force, intelligence and power, and would wield a commanding influence in the assembly. Let us have Doctor Taggart to represent us, by all means, if he can be persuaded to place himself at the service of the people in this capacity."

THE STRENGTH OF CATHOLICISM.

Professor Reed Discussed the Question at Length.

The Christian church was filled last evening when Prof. O. S. Reed delivered a sermon on the "Strength and Weakness of Catholicism." The gentleman gave the perfect system of organization as the strength of the church, and the denial of the right of an individual member to think for himself as its weakness. The confessional was condemned as being more dangerous than the social evil. The gentleman paid a beautiful tribute to Martin Luther.

A LIVELY TIME.

The Horse Fell Down and Then Ran Away.

William Adams and Joseph Cordingley were sleighing yesterday afternoon when their horse fell on Sixth street between Washington and the Diamond. They jumped from the cutter to aid the horse, but the animal arose and dashed down the street. Adams succeeded in getting into the sleigh, but could not control the frightened horse. It took to the pavement near West Market street, but was stopped after destroying a barber's sign and breaking a shaft of the sleigh.

The Matches Ignited.

William Halmes attended services last evening, and forgot that he had a number of matches in his pocket. His coat was fired, and he knew nothing of it until warned by a friend. A big hole was burned in his coat.

WHAT MORRIS WANTS

Thirty Thousand Dollars in the Company's Stock

WILL BRING THE BIG TIN MILL

They Want to Control the Company, and Will Increase the Capital—The Treasurer Will Return Next Wednesday With Proof That It Is a Good Investment.

David Morris, treasurer and superintendent of the Alacania Tin & Toner Plate company, arrived in the city Saturday, having been delayed by an accident at Lawrence Junction. He at once hunted up the office of Secretary Travis, who telephoned to the members of the committee and J. E. McDonald. It was then too late to show the gentleman the proposed sites, and he was questioned as to what the company would want to locate here and what kind of a mill they proposed to erect.

To these questions he replied: "We propose to erect a four mill plant which will employ between 300 and 400 men. Our reason for leaving Youngstown is that we have no hot mills, and are compelled to buy our plates from New Castle instead of making them. I am the patentee of a lead plate which is not generally made in the United States. We make five grades of it, and Irontide makes one. Of course we manufacture tin plate also. We are all working men, and want all we can get to change our location. We want a bonus of \$30,000 and the city to take \$10,000, or \$30,000 in stock and the city to give the ground upon which to locate the plant. We will incorporate for \$100,000, of which the city will have \$30,000 and we will put in our plant, worth \$30,000, and \$40,000 in cash. The actual value of the machinery and stock in our present plant is \$20,000. The \$30,000 stock taken by the city would be used to buy additional machinery and other necessities. It will cost between \$80,000 and \$90,000 to erect a four mill plant. At the end of 18 months we will also increase the factory to a six mill plant."

A question was asked as to what percent a tin plant paid and Mr. Morris replied: "It will pay good return on the invested capital if properly looked after. If I can make it possible upon my return here I will bring figures to substantiate that statement. We can meet any competition in the United States. Our company is incorporated under the laws of Ohio and is composed of 15 members, all practical men except two."

He was asked how they proposed to raise the \$40,000, and if the new plant would not be mortgaged to get the amount. "We propose," he said, "to take in some new men. The money will all be invested in the plant, and it will not be mortgaged. We will put in \$40,000 in cash. We want to keep seven tenths of the stock in our hands. The people of Youngstown would take stock but wanted a controlling interest, and we didn't want to put it where any one man would control. As it is now any officer in our company is subject to dismissal at any time by the directors. We now have a number of people working on plans for the new plant, and as soon as satisfactory arrangements are made we will be ready to begin work, but of course it wouldn't be wise to start work until the latter part of March or April. We would want five or six acres of land. Of course this would be more than is needed, but it would be necessary in case of extension. The main building would be 60 by 125 feet, and there would be another building 60 by 120 feet, and in addition to this there would be a number of smaller buildings. We have seen numerous plants in this and other countries, but there are none which exactly suit us. Our object is to get one of the finest and best equipped plants in the world. We want to build in the shape of an L, and get both buildings about the same size. One building would be iron and the other brick, both one story structures. We propose to put in a plant to make the black plates out of seven-eighths inch bar. Youngstown men when they heard we intended to locate somewhere else tried to patch up the difference with us, but we won't have it. They sent us a proposition to build a four mill plant near the steel works, but we don't want it, as they would gobble it up inside of a year. Our capacity is now 500 boxes a week. The capacity of a four mill plant would be 500 boxes a day, that is, working 24 hours. Being on the river would benefit us in shipping when we want to send goods to river ports."

Each person present was presented with a sample of the plate turned out by the company, and arrangements were made for the gentleman to return to the city Wednesday, at which time he will endeavor to bring figures with him to show that good return can be

made on the money invested. He left on the evening train for Irontide, where he spent Sunday. Today he is conferring with the citizens of Wellsburg, and tomorrow he will meet the business men of Toronto. On Thursday morning he will go to Pittsburgh to confer with the president of the company, O. S. Collier, who resides in that city.

Among the people present there seemed to be but little doubt that the stock could be raised if the representative will show that the investment is a paying venture. There will be but little trouble in securing the ground.

TO BE TRIED TOMORROW.

John R. Martin's Suit Against Ex-Auditor Jesse Kepner.

Lisbon, Jan. 25.—[Special.]—Unless some circumstance now unforeseen develops the case of Ex-Treasurer J. R. Martin against Jesse Kepner will be tried before Judge Taylor tomorrow. Ten witnesses have been subpoenaed and John Sant, who investigated the treasurer's shortage, came here from Louisville on Saturday. Judge Ambler, of Salem, A. G. Smith, Wellsville, and J. A. Martin, of Lisbon, will prosecute the case, while Billingsley, Taylor, and Clark and A. W. Taylor will conduct the defense.

A chapter in the Tatters-Scheckler case opened in common pleas when Mrs. Tatters sued James Scheckler for \$2,400 in money, \$1,200 in notes and property in Augusta. This, she claims, was obtained from her by fraud. When Mrs. Tatters went to live with Scheckler she agreed to give him the Augusta property, and he was to support her. When she signed the contract, which has proved to be one giving away all her possessions, she was ignorant of its purport, and thought it concerned the property alone. She is 80 years of age.

C. W. Hammer, who was jailed here last week at the instance of his mother-in-law, got bail on Saturday, and in a few hours was figuring with his wife in an action before Judge Young for the possession of their three-year old child. On his release Hammer got the child from his wife who avowed her intention of deserting him, and the habeas corpus proceedings were at once commenced. The hearing was continued because Hammer wanted witnesses from Salem. Interesting testimony is anticipated.

A COLD NIGHT.

It Is Followed by a Very, Very Cold Day.

The cold last night and this morning was intense. Long before midnight the mercury was below zero, and parties who consulted thermometers at 5 o'clock this morning say they registered 15 degrees below. At 7 o'clock the mercury was at 10, and at noon it had only climbed a dozen degrees higher.

The shortage of gas caused a great deal of suffering and inconvenience in the lower part of the city. The kink-hands at Laughlin's were sent home because of it. Burst pipes in the Sebring pottery compelled a cessation of work there. There were many frozen pipes in private residences, and plumbers had their hands full.

The scholars in a room at the Grant street building were allowed to go home because of the cold. This morning when James Barlow, of Sheridan avenue, got up and went down stairs he found the floor of his kitchen covered with three or four inches of ice. The water pipe had burst during the night.

Miss Ollie Beatty, of Bradshaw addition, almost froze while going to work at the Dresden. When she reached the plant she fell, and a physician was summoned. Miss Beatty was numb, and the action of her heart was very weak. Restoratives were administered, and she was taken home in a carriage.

One Man Withdrew.

The local stock holders of the company of potters organized to operate the new white ware plant in Zanesville, met Saturday evening, and transacted business, the nature of which they refuse to disclose. One member of the company withdrew, and another person was permitted to take stock and fill the vacancy.

Shank Wants His Money.

Charles J. Shank today began action against Charles Haverly for \$15, claimed as money loaned. The case will be heard Thursday morning by Squire Rose. The case of H. E. Bachman against E. H. Laughlin for \$19.66 was continued until next Monday.

The Case Was Dismissed.

Word was received from Dr. J. J. Ikirt this morning that the case against him for \$1,600 damages brought by John Veeder in the court of Coffee county, Tennessee, had been dismissed. The case arose from land trade.

The Woman's Christian Temperance Union After Justice.

DR. HUSTON ASKED TO APOLOGIZE

The Members of the Union Deem the Apology Simply Adding Insult to Injury. Reverend Huston Termed Doctor Tracy a Fraud—The Evangelist May Take a Hand in the Matter.

Dr. N. W. Tracy came to East Liverpool under the auspices of the Woman's Christian Temperance Union. The ministers of the city did not work in accord with the evangelist and the association, on account of it being the week of prayer, and all of the churches were holding special services. Dr. Tracy conferred with the ministers and asked for their assistance, but they deemed it unwise to give it, under the circumstances, and suggested that the temperance workers should postpone their services for the time being. The evangelist questioned as to the number of church members in the city, and then as to the number of inhabitants, and found he had about 9,000 to draw from, those who were non-attendants at the various churches, and he told the ministers he had all the arrangements made for the work and would go ahead, stating that it was not church members he was anxious to have at his meetings. At an after church meeting in the First M. E. church, Rev. J. M. Huston, pastor of the church, made statements from his pulpit which led the members of the Woman's Christian Union to believe that the minister had termed Dr. N. W. Tracy a fraud; further, the minister condemned any association that would bring such a man to the city and permit him to work under its auspices. The members of the Woman's Christian Temperance union were justly indignant, and appointed a committee to wait upon Reverend Huston and ask him to furnish the proof of what he publicly said, if he had such proof in his possession. This committee met Reverend Huston, and he said to the committee that he had proofs sufficient to convince himself that Tracy was a fraud; but he failed to adduce any proof to the ladies. He made assertions that Reverend Reager, of Wellsville, had loaned money to Doctor Tracy, and the latter had not paid back the money. This was afterward investigated and found to be untrue, on the word of Reverend Reager himself. The ladies do not believe that Reverend Huston intended to tell an untruth; but they do believe that, as a Christian minister, he had no right to give voice to a rumor which vitally affected the character of any man. Not an iota of proof was given to the ladies, and the following letter was then sent to the minister in question. Let it speak for itself:

Rev. J. M. Huston, D. D.: Sir—Respecting the matter of Dr. N. W. Tracy's character and standing as a gentleman and as a Christian. Respecting the statements you made to the committee from the Woman's Christian Temperance union. Respecting the charges you publicly made from your pulpit, reflecting not only upon the character and standing of Dr. N. W. Tracy, but upon our beloved organization, the Woman's Christian Temperance union, under whose auspices Dr. N. W. Tracy lectured in East Liverpool. Here you have the result of our careful consideration, from documentary evidence furnished by presiding elders of the Methodist Episcopal church; from ministers of the Methodist Episcopal church; from ministers of other churches; from public men and from organizations under whose auspices Dr. N. W. Tracy has lectured, all over the land:

We, the committee appointed by the Woman's Christian Temperance union of East Liverpool, have carefully and conscientiously examined all the so-called proof said to exist against Dr. N. W. Tracy, and we find that not an iota of proof of evil or bad conduct, or conduct unbecoming a Christian gentleman, has been brought to light. On the contrary, all of our investigations have demonstrated the fact, in so far as we can ascertain, that Dr. N. W. Tracy is a consistent Christian man, earnestly engaged in the attempt to benefit and lift up fallen humanity. Believing you to be a Christian minister, eager to help the fallen, and to aid and assist those who, through the mercy of God, have been redeemed from the curse of rum and sin, and knowing that you have publicly, from your pulpit, intimated that Dr. N. W. Tracy is a fraud, and that you would not commend any organization which was instrumental in bringing him to East Liverpool, we respectfully ask that you shall publicly, from your pulpit on Sabbath next, give this

the result of our careful and conscientious investigation, to the public, through the medium of your congregation. Hoping you will aid the right and help the truth, we remain,

Respectfully,
Mrs. HOWARD,
Mrs. BEARDMORE,
Mrs. SWAN,
Committee W. C. T. U.

It was expected that Reverend Huston would publicly make amends for what were considered the wrongs he had inflicted upon innocent parties, and the services of yesterday were anxiously awaited. The result has not satisfied the Woman's Christian Temperance union, by any manner of means, some of the members, intelligent, conservative and conscientious ladies, remarking that the apology, if it deserves the name, was very lame, while others deem the apology, such as given, simply adding insult to injury.

Dr. N. W. Tracy's side of the question has not yet been made public. It is stated, on what should be good authority, that Dr. N. W. Tracy will demand that justice be done him and amends made. His character has been impeached and an attempt made to blacken it, and he believes that patience has ceased to be a virtue. Doctor Tracy expects curses and vile accusations at the hands of saloonists and dealers in rum and other concoctions brewed by the devil; but he does not expect that ministers of the gospel will aid this evil class, directly or indirectly. The evangelist, accompanied by members of the Woman's Christian Temperance union, called at the home of Reverend Huston, but the latter was absent. We await developments. Doctor Tracy will give an entertainment in the East Liverpool opera house on Friday night, Jan. 29, under the auspices of the auxiliary to the Young Men's Christian association. He certainly does not fear the light of investigation. This is certainly not the action of a guilty man, and the evangelist evidently believes in the righteousness of his cause, or that truth and right will prevail.

WHAT MORRIS WANTS

Thirty Thousand Dollars in the Company's Stock

WILL BRING THE BIG TIN MILL

They Want to Control the Company, and Will Increase the Capital—The Treasurer Will Return Next Wednesday With Proof That It Is a Good Investment.

David Morris, treasurer and superintendent of the Alacania Tin and Terne Plate company, arrived in the city Saturday, having been delayed by an accident at Lawrence Junction. TO BE TRIED TOMORROW.
John R. Martin's Suit Against Ex-Auditor Jesse Kepner.

LISBON, Jan. 25.—[Special.]—Unless some circumstance now unforeseen develops the case of Ex-Treasurer J. R. Martin against Jesse Kepner will be tried before Judge Taylor tomorrow. Ten witnesses have been subpoenaed and John Sant, who investigated the treasurer's shortage, came here from Louisville on Saturday. Judge Ambler, of Salem, A. G. Smith, Wellsville, and J. A. Martin, of Lisbon, will prosecute the case, while Billingsley, Taylor, and Clark and A. W. Taylor will conduct the defense.

A chapter in the Tatters-Scheckler case opened in common pleas when Mrs. Tatters sued James Scheckler for \$2,400 in money, \$1,200 in notes and property in Augusta. This, she claims, was obtained from her by fraud. When Mrs. Tatters went to live with Scheckler she agreed to give him the Augusta property, and he was to support her. When she signed the contract, which has proved to be one giving away all her possessions, she was ignorant of its purport, and thought it concerned the property alone. She is 80 years of age. C. W. Hammer, who was jailed here last week at the instance of his mother-in-law, got bail on Saturday, and in a few hours was figuring with his wife in an action before Judge Young for the possession of their three year old child. On his release Hammer got the child from his wife who avowed her intention of deserting him, and the habeas corpus proceedings were at once commenced. The hearing was continued because Hammer wanted witnesses from Salem. Interesting testimony is anticipated.

made on the money invested. He left on the evening train for Irondequoit, where he spent Sunday. Today he is conferring with the citizens of Wellsburg, and tomorrow he will meet the business men of Toronto. On Tuesday morning he will go to Pittsburgh to confer with the president of the company, O. S. Collier, who resides in that city.

Among the people present there seemed to be but little doubt that the stock could be raised if the representative will show that the investment is a paying venture. There will be but little trouble in securing the ground.

LISBON, Jan. 25.—[Special.]—Unless some circumstance now unforeseen develops the case of Ex-Treasurer J. R. Martin against Jesse Kepner will be tried before Judge Taylor tomorrow. EAST LIVERPOOL, O., MONDAY, JAN. 25.

It is again reported that the steel pool
is going to break. Made of poor stuff,
perhaps.

NORTH CAROLINA and New Hampshire
each elected a printer senator last week.
The "intelligent" will come to the
front.

THEY are talking biennial sessions of
the legislature over in New York. Per-
haps they have learned how well it pays
in Ohio.

A LARGE crowd attended the reception
tendered John P. Altgeld in Chicago
Saturday evening. It was probably
made up of his "pardoned" friends.

THE Leetonia Advocate announces
with all sincerity that "owing to our
over crowded condition with job work
we may not be able to get out a paper
next week."

THERE is a vast difference of opinion
as to the value of the arbitration treaty.
Perhaps it would be better for congress
to wait until a good administration was
at work before giving its official con-
sent.

It is gratifying to recall that Senator
Sherman has his own ideas on the Cuban
question, and has given them utterance
with sufficient force to justify the as-
sumption that his foreign policy will be
vigorous and without todism.

Now that the women take off their
hats in the theaters a crusade compell-
ing men to surrender their seats in
crowded street cars can be expected.
But it would not affect East Liverpool
these days, for passengers always huddle
together to keep warm.

HON. WALTER EVANS, of the ways
and means committee, when asked his
view of the recent tariff hearings, said:
"There is necessity for many changes in
the existing law, not merely as to rates
of duty, but as to modes of administra-
tion as well." His view is the right
view.

BY THE FORELOCK.

There is no denying that the Ameri-
can manufacturing potters have taken
time by the forelock, and are doing
business. Acting on the strength of re-
ports from Washington, more or less
reliable, they have determined to
prepare for the best, and when trade
comes at good prices they will be im-
patiently awaiting it. If capitalists in
other lines would but follow their ex-
ample, the Democrats would not waste
so many words in wondering what has
become of the advance agent of
prosperity. There would be an im-
mediate revival of business in its every
branch. The country would not have
to wait until after the first Thursday in
March.

THE PASSING OF PEPPER.

Noteworthy among the political
events of last week was the determina-
tion of the Kansas legislature to lay Mr.
Pepper carefully away on the shelf, and
substitute in his stead an untried and
untamed son of the plains. Whether
this will be for the good of Kansas in
getting this senator in embryo out of
the state, or for the good of the country
at large in removing Pepper from Wash-
ington does not appear, but it does show
that even Populists like Pepper have
their serious troubles and Kansas does
not recognize merit. Pepper is passing
and passing rapidly. Men of his class,
filled as they are with what they please
to call reform, do not wear. For a time
they may seem unique and their ideas,
if indeed they ever attain the dignity
of ideas, attract some attention, but
that is all. Their race is soon run, and
they step down and out. The senseless
plans which they spring upon the pub-
lic may or may not live through a gen-
eration, but they like the men who pre-
tend with pride to father their exis-
tence are not long in fading into the
misty past. Mr. Pepper may be heard of
again. His voice may sound on the

legislature of Kansas, or even in the
council of some municipal government,
but it will not last long. His work is
done. Even Kansas has repudiated him,
and soon he will be as dead a duck as
can be found anywhere in the political
puddle.

NOTED CHINAMAN KILLED.

Highlanders Murder Famous Little Pete
at San Francisco.

SAN FRANCISCO, Jan. 25.—Little Pete,
the most noted Chinaman in San Fran-
cisco, has been murdered by his coun-
trymen in Chinatown. He was sitting
in a chair in a Chinese barbershop when
three Chinese entered and shot him, in-
flicting a wound from the effects of
which he died in a short time. The
murderers were arrested. The murder
is the outcome of a quarrel between
two of the Chinese Six companies, and
it is supposed the murderers are high-
landers hired to do the job.

Little Pete has had a varied and re-
markable career in San Francisco and
for years has been the most influential
Chinaman in this part of the country.
Whenever any of his countrymen were
in trouble Little Pete was always called
upon to help them out and he achieved
a reputation for jury fixing that almost
landed him in the penitentiary. He
was at the head of the business of im-
porting Chinese women to this country
for immoral purposes and waxed
wealthy. Little Pete, although he
spoke English fluently, retained his
Chinese dress as a matter of policy.
He controlled many of the gambling
dens in Chinatown and his revenues
from that source were large.

He was an all round sport. He played
the races heavily and made some big
winnings. He was so successful in
picking winners that about a year ago
the race track people became suspicious
and it was found that he had a number
of jockeys in his employ. Little Pete
was ruled off the track, together with
the dishonest jockeys.

SUCCESSOR TO M'CULLAGH.

A Former Ohio Man Made Editor of St.
Louis Globe-Democrat.

ST. LOUIS, Jan. 25.—Captain Henry
King, chief editorial writer of the
paper, has been appointed to succeed
the late Joseph B. McCullagh as editor
of the St. Louis Globe-Democrat.

Captain King has been in practical
charge of the paper for the last two
years. No change will be made in the
policy or style of the paper.

Captain Henry King was born at
Salem, O., in 1841. His parents later
moved to Quincy, Ill. Captain King
gained his first knowledge of the news-
paper business on the Quincy Whig, on
which paper he held successively every
position from copyboy to editorial
writer. When the war broke out Cap-
tain King was editor of the Quincy
Whig. He took the field as an aide on
the staff of General Dodge and was
afterward upon the staff of General
McPherson.

At the close of the war Governor
Oglesby of Illinois appointed him mili-
tary agent of the state with rank of
colonel.

In 1869 Captain King removed to
Topeka and established a paper. In
1881 he was offered and accepted an
editorial position upon the St. Louis
Globe-Democrat.

A STATE'S CASH SNOWBOUND.

Train With Guard and Money Stuck in
South Dakota.

PIERRE, S. D., Jan. 25.—The money
in the state treasury, amounting to
nearly \$250,000, is stuck in the snow in
charge of a guard of militia 30 miles
east of this city. Governor Lee and the
new state officials had insisted on seeing
and counting the state cash in order to
see that it was all actually in existence,
and the state treasurer was ordered to
call in all funds from the various de-
positories. This was done, a company
of militia being detailed for guard duty to
protect the express company employees
bringing the funds here.

The money had all arrived early Fri-
day morning and the governor and his
advisers counted it carefully, not being
satisfied with any packages, but break-
ing all open and counting them. This
work having been finished and the
funds being found all on hand, the
treasure was ordered returned to the
banks and was at once started off. The
snowstorm, however, started up and
the train on which the money was
shipped is snowed up 30 miles east of
Pierre.

TONSILINE CURES SORE THROAT.

Read what a well-known Minister
writes us about Tonsiline:

East Palestine, O., April 8, 1895.

The Tonsiline Co.:
I take pleasure in saying that we have
used Tonsiline in the family for ulcerated
sore throat, and it not only seemed to pre-
vent the attack from being so severe as
formerly, but cured the throat completely in
a very few days. When any one of us has
sore throat of any kind, the rush is for the
Tonsiline bottle, and that is the last of it.
It is certainly a most excellent remedy.
Yours very truly,
D. F. DICKSON.

IN CUBA FOR CAMERON.

Two Englishmen Spent Time
With Spanish and Rebels.

GOMEZ' VICTORY IS CONFIRMED.

They Say the Rebels Captured Santa
Clara, Sacked It and Retired—Fight-
ing Close to Havana—Cubans Rely on
Being Favored by McKinley.

CITY OF MEXICO, Jan. 25.—Various
travelers just arriving from Cuba con-
firm the capture of Santa Clara by the
Cubans, and also bring news that the
insurgents have been fighting in the
near vicinity of Havana, and a few
days ago wrecked a passenger train
within two miles of that city. Two
young Englishmen direct from Cuba—
Harry E. York and Lee A. Hervey—
have reached this city after having
passed several weeks in Cuba and with
the insurgent army part of the time
and the remainder in the field with the
Spanish troops. Hervey has received a
shot through the left arm. They are
preparing a report for Senator Cameron,
which will be forwarded to Washing-
ton in a few days. The Cubans are
not in want of men, but money, am-
munition and medicine. There are not
over 25,000 Cubans, while the Spaniards
and volunteers now number 265,000
men, mostly very young and not good
fighting material.

All operations are in the nature of
guerrilla warfare, and both sides are
systematically burning plantations and
the country will be reduced to barbarism.

The Cubans are relying on being
favored by McKinley, and expect, im-
mediately on his inauguration, he will
recognize their belligerency if not their
independence.

Hervey gives a graphic account of the
capture of Santa Clara by the insur-
gents, where the utmost gallantry was
displayed and the Spaniards being
overcome by the magnificent valor of
the patriots. Hervey says it was told
him in the Cuban camp that Maceo had
his lower jaw shot away, but was alive
and recuperating.

General Gomez is not treating for
peace, and, although there is a peace
party among the Cubans, it is a small
one. The capture of the town of Agu-
tepec by the Cubans was a brilliant
piece of work.

Three thousand Spaniards held the
place, but the Cubans showed better
generalship.

At Santa Clara the Cubans took and
held the town just long enough to ruin
it. Hervey does not consider there is
any decided prospect of victory for
either side.

THE THREE FRIENDS CASE.

Attorney General Harmon Differs From
Judge Locke About It.

WASHINGTON, Jan. 25.—Attorney
General Harmon does not agree with
the decision of Judge Locke of Florida
in the case of the suspected filibuster,
Three Friends.

The attorney general has applied to
the United States supreme court for a
writ of certiorari on the United States
court of appeals at New Orleans, direct-
ing that the case be at once certified to
the United States supreme court for
trial. The attorney general said that if
Judge Locke's interpretation of the law
is correct, it necessarily follows that
persons engaged in these expeditions
are pirates and that he was seriously
considering the question of arresting
them as such.

Judge Locke's decision was in effect
that the law inhibiting the outfitting
and departure from the United States
of armed expeditions to aid a people in
its contest against the lawful authority
of a nation with which the United
States is on friendly terms does not ap-
ply to the Cuban insurgents, they not
being a people within the meaning of
the law.

NO REFORMS UNTIL FEBRUARY.

Spaniards Delay Action in Cuba—No
Americans Released.

MADRID, Jan. 25.—The official gazette
proclaimed amnesty in commemoration
of the saint day of the king on
Saturday.

But this amnesty does not include
present offenders or exiles. No Ameri-
cans are released.

The reforms to be granted in Cuba
will not be proclaimed until February.
Premier Canovas, himself, has taken
an active part in preparing for the new
legislation. In any event the measure
will not include legislative autonomy
like that of the British colonies. But
it will contain a clause promising that
its going into effect will depend upon
the state of the colony.

American Woman to Be Released.

HAVANA, Jan. 25.—General Ahumada,
in response to the demands of Consul
General Lee, has instructed the Puerto
Principe authorities to immediately set
at liberty Eva Adan, an American lady
recently arrested there as a political
suspect. It is further ordered, however,
that if any cause can be discovered pro-
ceedings against her will be com-
menced.

Denied by the Spaniards.

MADRID, Jan. 25.—The reported at-
tempt of the insurgents in Cuba to cap-
ture Captain General Weyler is de-
clared here to be unfounded. According
to a Havana dispatch Captain General
Weyler declares that there are only
a few rebels left in Havana and Mon-
tanzas provinces.

Weyler on the March.

HAVANA, Jan. 25.—Captain General
Weyler was encamped Saturday night
at Bolondron, in Matanzas province,
and Sunday morning he continued his
march.

An American Doing the Work.

TANGIER, Morocco, Jan. 25.—David
N. Burke, United States consul general,
at the request of the diplomatic body
here, is compiling a scheme for the
formation of a police force in Tangier.

Frants Sentenced to Hang.

DAYTON, O., Jan. 25.—Albert J.
Frants, the murderer of Bessie Little,
been refused a new trial and sentenced
to death May 18.

JONES INSTEAD OF HANNA.

An Alleged Compact Between Foraker
and Bushnell.

COLUMBUS, Jan. 25.—It is understood
here on what is considered the best
authority that Governor Bushnell will
appoint Lieutenant Governor Asa W.
Jones of Mahoning county to the sena-
torial vacancy when Senator Sherman
tenders his resignation to enter the Mc-
Kinley cabinet. The subject of sena-
torial succession has by the same au-
thority been determined by interference
of Senator-elect Foraker, who, it is
said, is paying a promise made to Jones
in May, 1905, when the latter at the
urgent solicitation of Foraker consented
to go on the ticket with Governor Bush-
nell at the Zanesville convention.

It is said that at that time Foraker
promised Jones he should have his in-
fluence and that of his organization to
get Sherman's place in 1899, in return
for consenting to make the race with
Bushnell. The latter was unknown and
very unpopular in some parts of the
state, and the name of Jones was to
be used among the farmers, especially
in the Western Reserve, where Repub-
lican majorities are rolled up and where
Jones was very strong.

When the announcement was made
that Sherman was to retire Foraker re-
minded Bushnell that the agreement of
two years ago must be carried out, and
the governor agreed to do his part by
naming Jones for the vacancy. This
appointment would only hold until the
meeting of the general assembly a year
hence, when Bushnell himself will be a
candidate, in case the Republicans con-
trol that body.

It is understood that at a conference
between Hanna and Bushnell the latter
gave Hanna to understand that while
he would keep his desire to go to the
senate in mind he could give no en-
couragement.

A dispatch from Youngstown says
that since the banquet Friday night
the friends of Lieutenant Governor
Jones are happy and say that it is all
over but the shouting. Jones has given
them to understand that he will get the
place. Governor Bushnell was asked
concerning the report, but he only
smiled and refused to affirm or deny
the truth of the story. It is generally
accepted in political circles as settling
the senatorial controversy in case Sena-
tor Sherman resigns. Some of the lat-
ter's friends say that in their opinion
Sherman will not step out if he be-
comes convinced that Jones is to get
his seat.

CANTON, O., Jan. 25.—The fact has
just leaked out that Senator John Sher-
man wrote a letter to Governor Bush-
nell at no very distant date and which
the executive received before the ban-
quet in Columbus. The letter formally
and officially notified Governor Lush-
ness that Senator Sherman had accepted
the post of secretary of state in Major
McKinley's cabinet, and that he would
resign at a very early date.

Mr. Sherman personally requested the
appointment of M. A. Hanna. He went
into detail in showing his reasons for
making this request. Mr. Hanna's
close relations with the administration
and its plans for the passage of certain
legislation; his work already performed
and not yet finished in preparing the
way for the unhampered passage of the
new tariff bill and many other reasons
were earnestly urged.

Governor Bushnell has also in the
past few days received a letter from
every member of the congressional dele-
gation with three exceptions, all
urging him to appoint Mr. Hanna and
giving what the writers consider con-
clusive reasons why this should be done.

GRACE VAUGHN'S DIVORCE.

It May Lead to Investigation of North-
ern Ohio Asylum.

CLEVELAND, Jan. 25.—Actress Grace
Vaughn, who was granted a divorce in
Chicago, was married to Arthur L.
Jennings of this city, while she was
playing an engagement at the Clevel-
and theater. The couple did not live
happily together long and the wife was
finally adjudged to be of unsound mind
and sent to the Northern Ohio asylum.
Subsequently she was released on
habeas corpus proceedings. A suit
began by Mr. Jennings for a divorce is
still pending in the courts here. The
Jennings are wealthy and prominent in
Cleveland society.

Judge F. J. Wing of this city testi-
fied that he searched the records of
probate court of that city and found
that on March 7, 1895, an entry had
been made showing the commitment of
Grace Jennings to the asylum. The
order was dated back a year, showing
that when the complainant was incar-
cerated there had been no court pro-
ceedings. The attorneys for the plain-
tiff said that after the case was dis-
posed of that a damage suit would be
begun against the husband, his father
and Superintendent Lyman, and in that
way the matter will be investigated in Ohio.
"If you do not take some action,"
said the court, "I will myself."

A Bookkeeper Indicted.

MARION, O., Jan. 25.—Edwin Lan-
don, bookkeeper of the Marion Deposit
bank, which failed some time since,
has been arrested on the charge of em-
bezzlement. He was short about
\$4,000. He turned over all his prop-
erty, but that failed to satisfy the credi-
tors and his indictment followed.

ler, aged 50, mail clerk; Daniel J. Mo-

ously with but slight injuries. The
wreck occurred immediately at the
sharp curve on the high trestle which
crosses Paint creek, near Shippensburg.

EAST LIVERPOOL, O., MONDAY, JAN. 25.

It is again reported that the steel pool
is going to break. Made of poor stuff,
perhaps.

NORTH CAROLINA and New Hampshire
each elected a printer senator last week.
The "intelligent" will come to the
front.

THEY are talking biennial sessions of
the legislature over in New York. Per-
haps they have learned how well it pays
in Ohio.

A LARGE crowd attended the reception
tendered John P. Altgeld in Chicago
Saturday evening. It was probably
made up of his "pardoned" friends.

THE Leetonia Advocate announces
with all sincerity that "owing to our
over crowded condition with job work
we may not be able to get out a paper
next week."

THERE is a vast difference of opinion
as to the value of the arbitration treaty.
Perhaps it would be better for congress
to wait until a good administration was
at work before giving its official con-
sent.

It is gratifying to recall that Senator
Sherman has his own ideas on the Cuban
question, and has given them utterance
with sufficient force to justify the as-
sumption that his foreign policy will be
vigorous and without todysim.

Now that the women take off their
hats in the theaters a crusade compelling
men to surrender their seats in
crowded street cars can be expected.
But it would not affect East Liverpool
these days, for passengers always huddle
together to keep warm.

HON. WALTER EVANS, of the ways
and means committee, when asked his
view of the recent tariff hearings, said:
"There is necessity for many changes in
the existing law, not merely as to rates
of duty, but as to modes of administra-
tion as well." His view is the right
view.

BY THE FORELOCK.

There is no denying that the Ameri-
can manufacturing potters have taken
time by the forelock, and are doing
business. Acting on the strength of re-
ports from Washington, more or less
reliable, they have determined to
prepare for the best, and when trade
comes at good prices they will be im-
patiently awaiting it. If capitalists in
other lines would but follow their ex-
ample, the Democrats would not waste
so many words in wondering what has
become of the advance agent of
prosperity. There would be an im-
mediate revival of business in its every
branch. The country would not have
to wait until after the first Thursday in
March.

THE PASSING OF PEPPER.

Noteworthy among the political
events of last week was the determina-
tion of the Kansas legislature to lay Mr.
Pepper carefully away on the shelf, and
substitute in his stead an untired and
untamed son of the plains. Whether
this will be for the good of Kansas in
getting this senator in embryo out of
the state, or for the good of the country
at large in removing Pepper from Wash-
ington does not appear, but it does show
that even Populists like Pepper have
their serious troubles and Kansas does
not recognize merit. Pepper is passing
and passing rapidly. Men of his class,
filled as they are with what they please
to call reform, do not wear. For a time
they may seem unique and their ideas,
if indeed they ever attain the dignity
of ideas, attract some attention, but
that is all. Their race is soon run, and
they step down and out. The senseless
plans which they spring upon the pub-
lic may or may not live through a gen-
eration, but they like the men who pre-
tend with pride to father their exist-
ence, are not long in fading into the
misty past. Mr. Pepper may be heard of
again. His voice may sound on the

legislature of Kansas, or even in the
council of some municipal government,
but it will not last long. His work is
done. Even Kansas has repudiated him,
and soon he will be as dead a duck as
can be found anywhere in the political
puddle.

NOTED CHINAMAN KILLED.

Highlanders Murder Famous Little Pete
at San Francisco.

SAN FRANCISCO, Jan. 25.—Little Pete,
the most noted Chinaman in San Fran-
cisco, has been murdered by his coun-
trymen in Chinatown. He was sitting
in a chair in a Chinese barbershop when
three Chinese entered and shot him, in-
flicting a wound from the effects of
which he died in a short time. The
murderers were arrested. The murder
is the outcome of a quarrel between
two of the Chinese Six companies, and
it is supposed the murderers are high-
landers hired to do the job.

Little Pete had a varied and re-
markable career in San Francisco and
for years has been the most influential
Chinaman in this part of the country.
Whenever any of his countrymen were
in trouble Little Pete was always called
upon to help them out and he achieved
a reputation for jury fixing that almost
landed him in the penitentiary. He
was at the head of the business of im-
porting Chinese women to this country
for immoral purposes and waxed
wealthy. Little Pete, although he
spoke English fluently, retained his
Chinese dress as a matter of policy.
He controlled many of the gambling
dens in Chinatown and his revenues
from that source were large.

He was an all round sport. He played
the races heavily and made some big
winnings. He was so successful in
picking winners that about a year ago
the race track people became suspicious
and it was found that he had a number
of jockeys in his employ. Little Pete
was ruled off the track, together with
the dishonest jockeys.

SUCCESSOR TO McCULLAGH.

A Former Ohio Man Made Editor of St.
Louis Globe-Democrat.

ST. LOUIS, Jan. 25.—Captain Henry
King, chief editorial writer of the
paper, has been appointed to succeed
the late Joseph B. McCullagh as editor
of the St. Louis Globe-Democrat.

Captain King has been in practical
charge of the paper for the last two
years. No change will be made in the
policy or style of the paper.

Captain Henry King was born at
Salem, O., in 1841. His parents later
moved to Quincy, Ills. Captain King
gained his first knowledge of the news-
paper business on the Quincy Whig, on
which paper he held successively every
position from copyboy to editorial
writer. When the war broke out Cap-
tain King was editor of the Quincy
Whig. He took the field as an aide on
the staff of General Dodge and was
afterward upon the staff of General
McPherson.

At the close of the war Governor
Oglesby of Illinois appointed him mili-
tary agent of the state with rank of
colonel.

In 1889 Captain King removed to
Topeka and established a paper. In
1893 he was offered and accepted an
editorial position upon the St. Louis
Globe-Democrat.

A STATE'S CASH SNOWBOUND.

Train With Guard and Money Stuck in
South Dakota.

PIERRE, S. D., Jan. 25.—The money
in the state treasury, amounting to
nearly \$280,000, is stuck in the snow
in charge of a guard of militia 30 miles
east of this city. Governor Lee and the
new state officials had insisted on seeing
and counting the state cash in order to
see that it was all actually in existence,
and the state treasurer was ordered to
call in all funds from the various de-
positories. This was done, a company
of militia being detailed for guard duty
to escort the express company employes
bringing the funds here.
The money had all arrived early Fri-
day morning and the governor and his
advisers counted it carefully, not being
satisfied with any packages, but break-
ing all open and counting them. This
work having been finished and the
funds being found all on hand, the
treasure was ordered returned to the
banks and was at once started off. The
snowstorm, however, started up and
the train on which the money was
shipped is snowed up 30 miles east of
Pierre.

TONSILINE CURES SORE THROAT.

Read what a well-known Minister
writes us about Tonsiline:

East Palestine, O., April 8, 1895.
The Tonsiline Co.:
I take pleasure in saying that we have
used Tonsiline in the family for ulcerated
sore throat, and it not only seemed to
prevent the attack from being so severe as
formerly, but cured the throat completely in
a very few days. When any one of us has
sore throat of any kind, the rush is for the
Tonsiline bottle, and that is the last of it.
It is certainly a most excellent remedy.
Yours very truly,
D. F. DICKSON.

TONSILINE SHOULD BE IN EVERY HOME.
Sore Mouth, Croup and Quinsy are quickly
cured by Tonsiline.

IN CUBA FOR CAMERON.

Two Englishmen Spent Time
With Spanish and Rebels.

GOMEZ' VICTORY IS CONFIRMED.

They Say the Rebels Captured Santa
Clara, Sacked It and Retired—Fight-
ing Close to Havana—Cubans Rely on
Being Favored by McKinley.

CITY OF MEXICO, Jan. 25.—Various
travelers just arriving from Cuba con-
firm the capture of Santa Clara by the
Cubans, and also bring news that the
insurgents have been fighting in the
near vicinity of Havana, and a few
days ago wrecked a passenger train
within two miles of that city. Two
young Englishmen direct from Cuba—
Harry E. York and Lee A. Hervey—
have reached this city after having
passed several weeks in Cuba and with
the insurgent army part of the time
and the remainder in the field with the
Spanish troops. Hervey has received a
shot through the left arm. They are
preparing a report for Senator Cameron,
which will be forwarded to Washing-
ton in a few days. The Cubans are
not in want of men, but money, am-
munition and medicine. There are not
over 25,000 Cubans, while the Spaniards
and volunteers now number 265,000
men, mostly very young and not good
fighting material.

All operations are in the nature of
guerrilla warfare, and both sides are
systematically burning plantations and
the country will be reduced to barbarism.

The Cubans are relying on being
favored by McKinley, and expect, im-
mediately on his inauguration, he will
recognize their belligerency if not their
independence.

Hervey gives a graphic account of the
capture of Santa Clara by the insur-
gents, where the utmost gallantry was
displayed and the Spaniards being
overcome by the magnificent valor of
the patriots. Hervey says it was told
him in the Cuban camp that Maceo had
his lower jaw shot away, but was alive
and recuperating.

General Gomez is not treating for
peace, and although there is a peace
party among the Cubans, it is a small
one. The capture of the town of Ague-
tee by the Cubans was a brilliant
piece of work.

Three thousand Spaniards held the
place, but the Cubans showed better
generalship.

At Santa Clara the Cubans took and
held the town just long enough to ruin
it. Hervey does not consider there is
any decided prospect of victory for
either side.

THE THREE FRIENDS CASE.

Attorney General Harmon Differs From
Judge Locke About It.

WASHINGTON, Jan. 25.—Attorney
General Harmon does not agree with
the decision of Judge Locke of Florida
in the case of the suspected filibuster,
Three Friends.

The attorney general has applied to
the United States supreme court for a
writ of certiorari on the United States
court of appeals at New Orleans, direct-
ing that the case be at once certified to
the United States supreme court for
trial. The attorney general said that if
Judge Locke's interpretation of the law
is correct, it necessarily follows that
persons engaged in these expeditions
are pirates and that he was seriously
considering the question of arresting
them as such.

Judge Locke's decision was in effect
that the law inhibiting the outfitting
and departure from the United States
of armed expeditions to aid a people in
its contest against the lawful authority
of a nation with which the United
States is on friendly terms does not ap-
ply to the Cuban insurgents, they not
being a people within the meaning of
the law.

NO REFORMS UNTIL FEBRUARY.

Spaniards Delay Action in Cuba—No
Americans Released.

MADRID, Jan. 25.—The official gazette
proclaimed amnesty in commemoration
of the saint day of the king on
Saturday.

But this amnesty does not include
present offenders or exiles. No Ameri-
cans are released.

The reforms to be granted in Cuba
will not be proclaimed until February.
Premier Canovas, himself, has taken
an active part in preparing for the new
legislation. In any event the measure
will not include legislative autonomy
like that of the British colonies. But
it will contain a clause promising that
its going into effect will depend upon
the state of the colony.

American Woman to Be Released.

HAVANA, Jan. 25.—General Ahumada,
in response to the demands of Consul
General Lee, has instructed the Puerto
Principe authorities to immediately set
at liberty Eva Adan, an American lady
recently arrested there as a political
suspect. It is further ordered, however,
that if any cause can be discovered pro-
ceedings against her will be com-
menced.

Denied by the Spaniards.

MADRID, Jan. 25.—The reported at-
tempt of the insurgents in Cuba to cap-
ture Captain General Weyler is de-
clared here to be unfounded. Accord-
ing to a Havana dispatch Captain Gen-
eral Weyler declares that there are only
a few rebels left in Havana and Mon-
tanzas provinces.

Weyler on the March.

HAVANA, Jan. 25.—Captain General
Weyler was encamped Saturday night
at Bolondron, in Matanzas province,
and Sunday morning he continued his
march.

An American Doing the Work.

TANGIER, Morocco, Jan. 25.—David
N. Burke, United States consul general,
at the request of the diplomatic body
here, is compiling a scheme for the
formation of a police force in Tangier.

Frantz Sentenced to Hang.

DAYTON, O., Jan. 25.—Albert J.
Frantz, the murderer of Bessie Little,
been refused a new trial and sentenced
to death May 15.

JONES INSTEAD OF HANNA.

An Alleged Compot Between Foraker
and Bushnell.

COLUMBUS, Jan. 25.—It is understood
here on what is considered the best
authority that Governor Bushnell will
appoint Lieutenant Governor Asa W.
Jones of Mahoning county to the sena-
torial vacancy when Senator Sherman
tenders his resignation to enter the Mc-
Kinley cabinet. The subject of sena-
torial succession has by the same au-
thority been determined by interference
of Senator-elect Foraker, who, it is
said, is paying a promise made to Jones
in May, 1895, when the latter at the
urgent solicitation of Foraker consented
to go on the ticket with Governor Bush-
nell at the Zanesville convention.

It is said that at that time Foraker
promised Jones he should have his in-
fluence and that of his organization to
get Sherman's place in 1899, in return
for consenting to make the race with
Bushnell. The latter was unknown and
very unpopular in some parts of the
state, and the name of Jones was to be
used among the farmers, especially in
the Western Reserve, where Republi-
can majorities are rolled up and where
Jones was very strong.

When the announcement was made
that Sherman was to retire Foraker re-
minded Bushnell that the agreement of
two years ago must be carried out, and
the governor agreed to do his part by
naming Jones for the vacancy. This
appointment would only hold until the
meeting of the general assembly a year
hence, when Bushnell himself will be a
candidate, in case the Republicans con-
trol that body.

It is understood that at a conference
between Hanna and Bushnell the latter
gave Hanna to understand that while
he would keep his desire to go to the
senate in mind he could give no en-
couragement.

A dispatch from Youngstown says
that since the banquet Friday night
the friends of Lieutenant Governor
Jones are happy and say that it is all
over but the shouting. Jones has given
them to understand that he will get the
place. Governor Bushnell was asked
concerning the report, but he only
smiled and refused to affirm or deny
the truth of the story. It is generally
accepted in political circles as settling
the senatorial controversy in case Sena-
tor Sherman resigns. Some of the lat-
ter's friends say that in their opinion
Sherman will not step out if he be-
comes convinced that Jones is to get
his seat.

CANTON, O., Jan. 25.—The fact has
just leaked out that Senator John Sher-
man wrote a letter to Governor Bush-
nell at no very distant date and which
the executive received before the ban-
quet in Columbus. The letter formally
and officially notified Governor Bush-
nell that Senator Sherman had accepted
the post of secretary of state in Major
McKinley's cabinet and that he would
resign at a very early date.

Mr. Sherman personally requested the
appointment of M. A. Hanna. He went
into detail in showing his reasons for
making this request. Mr. Hanna's
close relations with the administration
and its plans for the passage of certain
legislation, his work already performed
and not yet finished in preparing the
way for the unhampered passage of the
new tariff bill and many other reasons
were earnestly urged.

Governor Bushnell has also in the
past few days received a letter from
every member of the congressional
delegation with three exceptions, all
urging him to appoint Mr. Hanna and
giving what the writers consider con-
clusive reasons why this should be done.

GRACE VAUGHN'S DIVORCE.

It May Lead to Investigation of North-
ern Ohio Asylum.

CLEVELAND, Jan. 25.—Actress Grace
Vaughn, who was granted a divorce in
Chicago, was married to Arthur L.
Jennings of this city, while she was
playing an engagement at the Clevel-
and theater. The couple did not live
happily together long and the wife was
finally adjudged to be of unsound mind
and sent to the Northern Ohio asylum.
Subsequently she was released on
habeas corpus proceedings. A suit
began by Mr. Jennings for a divorce is
still pending in the courts here. The
Jennings are wealthy and prominent in
Cleveland society.

Judge F. J. Wing of this city testi-
fied that he searched the records of
probate court of that city and found
that on March 7, 1895, an entry had
been made showing the commitment of
Grace Jennings to the asylum. The
order was dated back a year, showing
that when the complainant was in-
carcerated there had been no court pro-
ceedings. The attorneys for the plain-
tiff said that after the case was disposed
of that a damage suit would be begun
against the husband, his father and
Superintendent Lyman, and in that way
the matter will be investigated in Ohio.

"If you do not take some action,"
said the court, "I will myself."

A Bookkeeper Indicted.

MARION, O., Jan. 25.—Edwin Lan-
don, bookkeeper of the Marion Deposit
bank, which was burned last week, has
been arrested on the charge of embe-
zlement. He was short about
\$3,000. He turned over all his prop-
erty, but that failed to satisfy the credi-
tors and his indictment followed.

FREEZING TO DEATH.

Whole Families Rescued In Chicago Just In Time.

COLDEST WEATHER IN 25 YEARS.

One Child Perished—Suffering People Picked Up on the Streets—Much Destitution—Twenty to 30 Degrees Below In the Northwest.

Chicago, Jan. 25.—According to the records of the weather bureau this spell has been the coldest in Chicago in 25 years. At no time since the Chicago station has been established has there been so low a maximum temperature recorded. It was a steady cold. There was a variation of but four degrees in 12 hours. The signal service reported 12 below. On the street it was several degrees below that, going to 17 below. The sufferings among the poorer class is intense and a number of cases of destitution were reported to the police. At Grand Crossing 33 families, with 50 children, were found in their poorly protected hovels unable to care for themselves.

Ears, noses and hands were whitened and benumbed by the cold. They were cared for and physicians summoned to render relief. In South Chicago five families were found actually freezing to death. These were also removed by the police to warmer quarters, where proper treatment was given to them. A number of other cases were found in other parts of the city.

To aid the poor on account of the extreme severity of the weather, the county coal contractor delivered 400 tons of coal to destitute families. Food and clothing were also given out.

There were between 15 and 20 cases reported to the police of people being found in the streets suffering from frozen hands, feet, ears and noses. Of these two or three are in a serious condition. Only one death from cold was reported, that of a child.

The cold is made more intense as it is accompanied by a brisk wind.

DETROIT, Jan. 25.—Michigan experienced the coldest weather of the winter. The temperature ranged from 6 degrees below zero in Detroit to 15 degrees below at Upper Peninsula points. It has ceased snowing at most points.

INDIANAPOLIS, Jan. 25.—The cold wave has this city by the throat, the thermometer at the weather office registering 5 degrees below zero. The natural gas pressure was very low and as all residents depend upon it for fuel there was great suffering. The weather conditions are similar throughout the state. At Anderson it was 7 degrees below and at Warsaw 10.

CLEVELAND, Jan. 25.—The cold wave has swept down upon Cleveland and the temperature has been falling. It has been 4 degrees above zero and promised to go much lower. There has been considerable fine snow, but not enough to impede travel.

VALPARAISO, Ind., Jan. 25.—One of the worst storms ever known here has visited this vicinity. Sixteen inches of snow fell, drifting badly. Several trains are snowbound. The thermometer registers 15 degrees below zero. Today relief parties were sent out and many poor families were furnished fuel.

NASHVILLE, Jan. 25.—An intense cold wave has prevailed here, with a strong and bitterly cold wind blowing. Flurries of snow have also been experienced. The local weather bureau reported 13 above and still falling.

AUSTIN, Jan. 25.—A cold wave struck this section and increased in velocity until a drizzling rain began, which froze as it fell, covering everything with ice. Reports from stock ranges in the west of the state say that much apprehension of severe loss is felt, as many herds are without shelter. A slight snow was reported to the north of this city.

DALLAS, Jan. 25.—A genuine norther made its advent here and the mercury dropped from 46 to 16 degrees above zero and grew colder. Snow fell. Much suffering will result, as great destitution prevails among the poorer classes, especially the negroes.

ST. PAUL, Jan. 25.—The coldest weather of the winter thus far was experienced in this section, the mercury being away down in the minus figures, from 20 to 30 degrees below, thermometers varying in different parts of the city.

The weather bureau's official record in this city gave 18 below zero, while other northwestern stations reported as follows: Helena, 14 below; Bismarck and Winnipeg, 24 below; Huron, 20 below, and Duluth 18 below.

Specials from Rochester, Minn., say that it was the coldest for many years, the thermometer indicating 20 below, and the severe cold was intensified by a 45-mile gale from the northwest. The mercury is falling steadily.

ABERDEEN, S. D., has not had a mail train from any direction since Friday night, and indications are strong that the blockade will prove to be the worst yet experienced. No effort has been made to clear the roads for two days past, because of continued wind, and the cuts are now full. The Milwaukee passenger train from the south is in a drift near Bonilla.

Bismarck, N. D., reports a severe blizzard prevailing with the mercury 32 below zero and a high wind blowing. It is the worst storm of the season for stock men, and the losses will probably be heavy, owing to the temperature. The first train for the east for three days arrived, but the storm will cause a further blockade. It is doubtful whether legislators can arrive in time for tomorrow's session.

CINCINNATI, Jan. 25.—A cold wave reached this vicinity last night and the temperature, at 8 o'clock, was below zero with a downward tendency. There is not much snow and no interference with traffic is anticipated.

WATERLOO, Ia., Jan. 25.—Sunday was the coldest day of the season. The mercury was 28 below in the morning and 15 below at noon.

Martinelli Celebrated Mass.

NEW YORK, Jan. 25.—Archbishop Sebastian Martinelli of Ephesus and apostolic delegate to the United States, celebrated a solemn pontifical mass Sunday in St. Agnes' Roman Catholic church in honor of the feast of the patron saint of the church.

SENATOR GEORGE VERY ILL.

The Veteran Mississippi Statesman Suffering From Heart Failure.

WASHINGTON, Jan. 25.—United States Senator James Z. George of Mississippi is dangerously ill from heart failure at the Garfield hospital in this city and owing to his advanced age his friends are very apprehensive of the outcome. Two grandchildren, Miss Hemingway and Mr. George, his private secretary, are with him, while his daughter, Mrs. Henderson and his sons have been summoned to his bedside from their home in Mississippi. For some months the senator has been suffering from this same trouble and he was unable to be in Washington at the opening of congress in December. Less than three weeks ago, while still very ill, he came to the city and at once placed himself under the care of Dr. Bernmann, who with Dr. Fry advised him to go to the hospital for treatment. He has been there since that time.

Senator George's ill health is due to his advanced age, accelerated by years of hard and constant work. The senator's wife is in Mississippi. Owing to an attack of paralysis she will not be able to come to Washington.

Senator George, who is now in his 71st year, has served as a member of the United States senate for nearly 16 years, and the term for which he was elected expires March 3, 1899. He was a gallant soldier in the Mexican and civil wars (serving on the Confederate side) and is a well known lawyer. He held important judicial positions in his state prior to his election to the senate.

M'KINLEY WENT TO CHURCH.

The Major Braved the Storm Sunday. Few Callers.

CANTON, Jan. 25.—With the mercury hovering near zero out of doors and the earth shrouded in a deep covering of snow, caught up by flurries of wind and hurried into the faces of pedestrians, the McKinleys found their home the most comfortable place for them Sunday and there they remained except during the hour of morning worship, when the major attended services at the First Methodist Episcopal church. He was accompanied to and from the church by his old Canton friend, Joseph Hartzell, and Alex. H. Revell of Chicago, who was a guest at the McKinley house during the day.

A number of callers were received during the day, but there was little of political significance in the day's doings. R. R. Ross Appleton and Walter Atterbury of Brooklyn were among those who called. It is understood that they are here to make arrangements for a Brooklyn delegation which expects to come here and say a good word for Congressman Francis H. Wilson of Brooklyn for a cabinet position.

Coolidge for the Treasury.

WASHINGTON, Jan. 25.—The New England senators have agreed to unite in the recommendation of Hon. T. Jefferson Coolidge of Massachusetts for the office of secretary of the treasury in the cabinet of President McKinley.

Gage Is Willing.

CHICAGO, Jan. 25.—Lyman J. Gage, president of the First National bank, says that if tendered the position of secretary of the treasury he will accept.

CHRISTIAN ENDEAVOR CONVENTION Strong Probability That the Great Meeting Will Be Held In Philadelphia.

CHICAGO, Jan. 25.—The officials of the United Christian Endeavor societies have notified the roads of the Transcontinental Passenger and Western Passenger associations that there is a strong probability that the convention of the organization will not be held in San Francisco, as planned, but in Philadelphia.

The Christian Endeavor people make no complaint about the rates that have been proposed for the meeting, but they do object to the clause in the agreement covering the business that provides for the division of the traffic.

This, it is claimed by the roads, practically destroys the chance of the transportation committee of the Christian Endeavor society receiving as many side privileges as have come to the members in former years, and the committee is disposed to object.

The roads are not willing to grant any concessions, as the rate already made is so low that they cannot grant any more concessions than are made in the rate itself, and it is a fact that some of the roads have already contracted for large amounts of the business at rates that mean positive loss to them.

VERY FRIENDLY WITH FRANCE.

Russian Czar Gives Another Evidence of Esteem.

PARIS, Jan. 25.—It is semi-officially announced here that Baron de M. von Heim, the Russian ambassador, has informed M. Hanotaux, the minister of foreign affairs, that the czar has ordered Count Muraviev, the newly appointed Russian minister of foreign affairs, to visit Paris so as to be presented to President Faure and enter into relations with the French minister before returning to St. Petersburg.

Count Muraviev will arrive in Paris on Thursday and he will be tendered a banquet at the palace of the Elysee.

League of Colored People.

CHICAGO, Jan. 25.—A number of prominent colored people of this city and state have organized "The Civic League of the State of Illinois." The object of the league is to get the moral support of the north to enable the league to educate its kindred in the south and to endeavor to get trades unions to raise the bar they have placed against the admission of colored men.

Many Suffering Poor In Chicago.

CHICAGO, Jan. 25.—Mayor Swift has decided to issue a call to the charitable citizens of Chicago to come to the aid of the suffering poor. The number of destitute in the city is greater than at any time since the winter following the World's Fair. Prompt measures are to be taken for their relief.

The Theater Hat Must Go.

CHICAGO, Jan. 25.—Mayor Swift has signed the theater hat ordinance. The measure provides for a fine to be imposed on any woman who refuses to remove her hat in a theater after any complaint has been made.

This, it is claimed by the roads, practically destroys the chance of the transportation committee of the Christian Endeavor society receiving as many side privileges as have come to the members in former years, and the committee is disposed to object.

The roads are not willing to grant any concessions, as the rate already made is so low that they cannot grant any more concessions than are made in the rate itself, and it is a fact that some of the roads have already contracted for large amounts of the business at rates that mean positive loss to them.

Chesapeake Bay.

Few people fully appreciate the great size of the Chesapeake bay. It is the largest indentation on the Atlantic coast, and it has often been called the Mediterranean of America. On its bosom the navies of the world could easily float. It is 200 miles long, and in some places it is 40 miles broad. It has an area of over 2,000 square miles, and it shoots off into great rivers with an aggregate length of thousands of miles. — Baltimore American.

WELLSVILLE.

HON. JOHN G. WOOLLEY

The Great Temperance Apostle
Warmly Welcomed.

HELPED BY CHRISTIAN MINISTERS

The Eloquent Lecturer Planted Good Seed. He Calls Things by Their Right Names. Denounces, in Plain Terms, Laymen and Preachers or Priests Who Cater to and Wink at the Accursed Rum Traffic.

John G. Woolley, the leader of the nation against the rum traffic—the Knight of the Cross and soldier of the true legion of honor—did great good for the cause of total abstinence during his recent visit to this place. East Liverpool was well represented on each occasion, and gave evidence that the cause of prohibition has warm advocates in our sister city. Woolley speaks in plain terms of the rum traffic and those engaged therein; but he speaks even more plainly of those who, by vote or influence, assist the business upon which the curse of God rests, and he spurs not church member, preacher nor priest. John G. Woolley is no respecter of persons. And yet he is a Christian gentleman, in the very truest sense of the term. He believes the church to be apathetic and almost dead, in so far as its work against the rum demon, and believes that the organized societies, Rechabites, Washingtonians, Sons of Temperance and kindred organizations, are far in advance of our churches in this particular. But he believes that the church of God upon earth must eventually do the work, when rotten members and rotten priests and preachers are eliminated therefrom. For the true minister of Christ—he who does his duty to God, John G. Woolley has the most sincere admiration, love and respect; and yet John G. Woolley is the man whom a preacher of East Liverpool branded as "worse than a thief, an anarchist or a red-handed murderer." Shame on such a preacher or would be leader of Christian men, women and children. John G. Woolley passes contemptuously by all such traducers, not considering them worthy of an honest, Christian gentleman's notice; but we of the smaller fry wonder why such words from a minister's lips, directed against the great temperance leader's life and character, did not turn into hissing, scorching steam, and without the vile accusation before it escaped from his lips. Reverend Littell, pastor of the United Presbyterian church, and Reverend Lowry, pastor of the First Presbyterian church, felt honored to stand upon the platform with John G. Woolley, who last night spoke at the First Presbyterian church to the Christian Endeavorers, and afterwards addressed a large audience from the pulpit of the United Presbyterian church, where Pastor Littell spoke of him in warm terms of praise, as an able, efficient, trustworthy and eloquent follower of the blessed Christ. Woolley took as his subject the blind man by the wayside, the whom Christ restored to sight by the application of spittle and clay; and from this incident he adduced the proof of the necessity of man helping his brother man; helping him when the sufferer needed help; helping him upon the spot, and theorizing and investigating the poor fellow's character, if need be, after care and comfort had been bestowed. He described how the good-hearted people passed by, and did not see the blind man; people of every class; the banker, the storekeeper, the workman, and even the priest; they did not see him; the priest did, but he had no money with him, hence could not aid nor comfort. But Jesus had his eyes open for suffering and sufferers. He could see misery whenever and wherever it appeared. He had no money. But this made no difference. He did what he could and he did it at once. He went down on his knees by the blind man's side; did not even place a handkerchief upon the ground upon which to kneel, but knelt upon the ground, spat thereon, and out of the spittle and clay made a paste; not a costly paste or ointment of rare value; the Christ had none of these; but He used what he could, and used it then, and God blessed His efforts, and the blind man received his sight. Oh, Christian men and women, do your duty; do what you can. God will hold you responsible for what you can and will not do. Do your duty to humanity; practice what you preach and pray; get away from the dirty rum seller in his dirty business; you despise him and his business and will not admit him to your family or your social circle; for God's sake, for humanity's sake, get away from him. And you, Christian voters—get away from him at the ballot box; you have the power, you church members, to banish the American saloon and the rum traffic forever from the face of this fair republic. In the name of God do it—do it with your ballots. Give what you can, and give it now.

"He who gives himself gives three—Himself, his hungry neighbor—and Thee."

ROBBED A WAGON.

Alonzo Phillips Makes an Early Start in Crime.

Alonzo Phillips, aged about 18 years, a son of Lon Phillips, who resides on upper Commerce street, branched out as a highwayman Saturday. He boarded Turner's butcher wagon from the rear, while the wagon was in motion, and secured the cash box containing \$8.88. Young Phillips departed as he came with the cash box in his possession, and made his escape to the river bank, where he emptied the contents of the box in a sack and then secreted the sack and box in separate places. It was not long until Turner became aware of his loss, and he suspected young Phillips. Officer Mick was notified, and after a short search, located the boy. Young Phillips, as soon as the officer arrested him, confessed the theft and disclosed the whereabouts of the missing cash. He was, after the money was secured, promptly placed in jail.

THEY NEED OFFICERS

To Patrol the Line Between East Liverpool and Wellsville.

It is evident that at times officers are needed to patrol the car line between East Liverpool and Wellsville. One could have found duty on a west bound car late Saturday afternoon. Three young men, who might have been taken for gentlemen at any other time, boarded the car at East Liverpool and from their conversation had been in attendance at some place of ill repute. The car was crowded, and among the passengers was one lady. The three in their conversation used oaths and obscene language to their own satisfaction. One was so intoxicated that he didn't know a quarter of a dollar from a nickel, at least he paid his fare with a quarter. It was expected the motorman would ask them to vacate the car, but he did not. Some action should be taken either by the company who operate the line or the civil authorities.

ON THE BOWERY.

It Was Very Lively and Disgraceful Saturday Night.

Wellsville can boast of a Bowery, located over on Third street, which is even livelier than the Bowery in New York City at times. Saturday evening they kept open house for white and colored, who proceeded to enjoy a "social hop" as they term it. The back room was occupied by ladies (?), colored and white. The ante room contained the gentlemen (?). The orchestra was composed of one violin. Dances of a low order were indulged in, and general rowdyism displayed on every side. If there is no city ordinance prohibiting all such open houses one should be enacted at once. Public decency speaks loud for this reform as well as many others in the corporate limits.

THE MAYOR'S REPORT.

He Is Keeping His Decision Closely to Himself.

Much interest is manifested in the coming report of Mayor Jones of the recent police investigation. No one knows what the decision will be as the mayor has kept it religiously to himself. It is believed the mayor will give it all to council at the next regular meeting. If this happens the matter may become a lively question for police discussion. Several councilmen express their willingness to give the matter a thorough test, and leave nothing undone that will aid in disclosing the identity of the party who liberated Jabby Geisse.

The News of Wellsville.

The entire family of Mr. Browning of Eleventh street, are confined with grip.

Miss Elsie Boring and Miss Erla Duffy, who have been for the past few weeks numbered among the sick, are again well.

Mrs. Hugh Alexander, who has been visiting her daughter, Mrs. Ocy Wells, in Pittsburg for some time, returned home Saturday.

Miss Lou Hunter, who has been visiting John Eaton and family, leaves for Moundsville today, and from that city goes to Dunkirk.

Mayor Jones was compelled to set aside his duties and seek his bed again Saturday on account of an old ailment. Consequently no court was held on that day.

All the churches were well attended yesterday, notwithstanding the inclemency of the weather. Extraordinary services were held in every church in the city.

The bricklayer who was arrested by Officer Mehan last Friday for stealing a ride on a freight train, refused to pay the fine assessed by Mayor Jones, and

was returned to jail. Saturday morning he was willing enough to pay the city \$5 for his freedom.

The Asbury Brotherhood held its meeting yesterday afternoon at 2:30 in the Methodist Episcopal church. An excellent service was held, and about 35 new members taken in.

The car shop employees were again made happy Saturday, when it was learned that orders were given for them to go on for nine hours, six days during the week. This action bespeaks that it will not be long before everyone will be put on regular time.

From railroad circles it is learned that the Cleveland & Pittsburg company will put on another regular switch engine in the Cleveland yards on account of the extra heavy shipments of ore and iron. Most of the ore and iron arriving at this point is shipped to points down the river—very little of it goes to Pittsburg.

THE BLACK SNAKE.

He Is as Much at Home in Tree Tops as on Terra Firma.

There has been much discussion among naturalists and in sportsmen's journals regarding the ability of the black snake, our one constrictor, to travel swiftly amid the branches. Ten thousand men have seen the sleek black streak of rope accomplish the feat easily. Here is but one incident: The black snake's habitat includes Illinois. LaSalle county is not far north of the center of the state, and perhaps a little west of the center line drawn north and south. There are some very good woods in LaSalle county, because through that county run two of the Mississippi's tributaries—the Illinois and one of its branches, the Vermilion. Bailey's creek is one of the little farm land tributaries of the Vermilion river. Along the creek are reaches of woodland, or at least there were awhile ago. In those bits of woods—bits as compared with Michigan forests—there are and have been black snakes, great fellows, worthy of their reputation farther east. This is what happened one day when a young fellow went hunting. It is worth the telling, because it illustrates the black snake's nimbleness among the tree tops:

Wandering along cautiously and quietly, looking for a shot on either side, the young man heard suddenly an uncommon rustling among the leaves above him. He looked up and saw something that astonished him. A fox squirrel—and a fox squirrel is the biggest of the squirrel kind—was leaping from limb to limb, from tree to tree, in mortal affright, evidently fleeing from some deadly enemy. Close behind him, curving, twining and twisting, but with all details of its locomotion invisible from below, so swift its progress and so easy its passing from limb to limb and tree to tree, came three to five feet of blackness. It was a black snake pursuing the fox squirrel. Its chase was hopeless, but the ability and the hungry earnestness of this one constrictor of our northern woods were demonstrated remarkably. As for the man underneath—well, he was a young fellow with a shotgun. The young fellow with a shotgun is a reasonably good shot in the country, and he kills snakes. He poured a load of shot into that black streak among the branches, and it dropped to the ground, merely a foul, dead, moderately sized specimen of Boscawen constrictor. —Recreation.

FAUST TOMORROW NIGHT.

Goethe's Masterpiece Will Be Presented at the Grand.

The Morrison company will present "Faust" at the Grand tomorrow night. In this version the role of Mephisto is made a jolly, jovial devil, one well calculated to enslave the souls of men; the scenic effects are strongly brought out. One of the most notable is where Mephisto exults over the capture of Faust's soul when the blazing cross appears above the cathedral doors. The broken scene is another part where the electrical effects are beautiful. Nothing has been spared to make this the best production of Faust the city ever witnessed.

Sent to the Infirmary.

The trustees this afternoon sent Millard S. Roby to the infirmary. He had been here since Friday, and hailed from Grafton, W. Va. He is a cripple, and when applying for aid asked to be sent to the county institution.

The River Is Closed.

Word was received at the wharf this afternoon, saying that the river was closed at Marietta. The Keystone, Ben Hur and Kanawha will tie up in Pittsburg.

Fire at the California.

The heat from a kiln fired the roof of the California pottery early yesterday morning. The flames were extinguished before much damage was done.

Some One Will Get It.

The presentation of the phonograph by the jiggerman's local will take place in Brotherhood hall, Wednesday evening.

PERSONAL MENTION.

—I. N. Crable is a Pittsburg visitor today.

—John Clemens was in Ravenna over Sunday.

—Adolph and Henry Joseph were in Cleveland over Sunday.

—George Gaston, of Washington and Jefferson college, spent Sunday with his parents in this city.

—Charles Kinsvatter returned to Steubenville Saturday evening, after a brief visit with his nephew, John Heiler, of Wuchow addition.

SHATTERED THE STOVE

A Mysterious Explosion in Mrs. Thompson's Kitchen.

COULD NOT HAVE BEEN GAS

There Was a Loud Report, and the Stove Was Reduced to Small Pieces—Lids Broken and Heavy Castings in Bits—No One Was Hurt.

An explosion shattered the range in the kitchen at Mrs. Viney Thompson's residence, on Washington street, this morning, and strange to say no one was hurt.

Nellie Woodburn, the servant, was preparing breakfast, when she was startled by a loud report. The next instant the top of the stove seemed to rise in the air, the sides came out, and the bottom dropped to the floor. Blazing coals were scattered through the room, and pieces of the stove were sent flying into all corners. The explosion was heard throughout the neighborhood, and Tom Thompson ran from his room to the kitchen without the formality of putting on his shoes. As a result his feet were burned. The stove was a complete wreck. Lids were broken as though they were made of paper, and the bottom was reduced to small pieces. No part of it resisted the force of the explosion. No cause is assigned for the happening. The stove was not connected with the gas system, coal being used for fuel.

AN IMMIGRATION LAW.

Strong Demand For One in the House of Representatives.

WASHINGTON, Jan. 25.—The most interesting feature of the house program for the coming week, unless the Nicaragua canal bill should receive consideration, which in view of the recent complications seems entirely improbable, will be the fight against conference report on the immigration bill. Mr. Bartholdt of Missouri, who made an ineffectual attempt to prevent the bill from going to conference, will lead the opposition to the bill as agreed on by the conferees.

There seems to be little doubt that the friends of the measure will be triumphant in the end as the sentiment in favor of an immigration bill in the house is, as shown by the votes on previous occasions, in a strong majority. Nevertheless Mr. Bartholdt proposes to do all in his power to defeat the conference report. Two appropriation bills, the agriculture and Indian, will probably consume the remainder of the week. There are some features of both bills which may cause considerable debate. Such time as can be spared will be given to the committees to call up such bills as have been reported by them.

MONETARY CONFERENCE BILL.

The Measure Likely To Be Debated and Passed Tomorrow.

WASHINGTON, Jan. 25.—The senate program this week is rendered very uncertain by the condition of the Nicaragua canal bill. With that measure out of the way the bankruptcy bill probably would be given the right of way early in the week, but even with the road cleared to the extent of the removal of the Nicaragua bill it is not probable that any headway would be made with the bankruptcy bill before Wednesday.

It is known that Senator Turpie will take advanced ground favorable to Cuban recognition in a speech he is to deliver, and it is hinted that he will take occasion to criticize Mr. Olney's position sharply. Mr. Turpie's speech may prove to be the first of several on the Cuban question, but the committee on foreign relations is manifesting no disposition to press the resolutions to a vote.

Tomorrow Senator Chandler expects to secure a vote on his bill providing for the representation of this country at an international monetary conference. There will be several short speeches and more or less running debate on this measure, but it is believed that all substitutes and amendments will be voted down and the bill passed before the close of the day set for its consideration. Senator Cameron has a substitute requiring this government to take the initiative in calling a conference, which may give the movers of the original bill more or less trouble.

PITH OF THE NEWS.

Ex-United States Senator John Martin of Kansas has been appointed clerk of the state supreme court.

Rev. R. A. Morley, ex-president of the Northern Illinois college, was convicted by a council of ministers of indecorous conduct toward lady pupils.

Rev. Solomon S. Burkson, father of the Oneida Indian reservation, and one of the most notable Episcopal clergymen in the northwest, is dying near Milwaukee.

Miss Sophronia P. Breckinridge, daughter of Colonel W. C. P. Breckinridge, is the first woman admitted to practice before the court of appeals of Kentucky.

Republican members of the Kansas legislature gave the complimentary nomination for United States senator to J. R. Burton of Abilene. Ex-Senator John J. Ingalls got three votes.

Chicago's civil service commissioner has extended Assistant Superintendent of Police Ross and Inspector Shea of charges of complicity in a recent bond robbery. The charges were preferred by "Sleepy" Burke, an ex-convict.

Chesapeake Bay.
Few people fully appreciate the great size of the Chesapeake bay. It is the largest indentation on the Atlantic coast, and it has often been called the Mediterranean of America. On its bosom the navies of the world could easily float. It is 200 miles long, and in some places it is 40 miles broad. It has an area of over 2,000 square miles, and it shoots off into great rivers with an aggregate length of thousands of miles.—Baltimore American.

WELLSVILLE.

HON. JOHN G. WOOLLEY

The Great Temperance Apostle
Warmly Welcomed.

HELPED BY CHRISTIAN MINISTERS

The Eloquent Lecturer Planted Good Seed. He Calls Things by Their Right Names. Denounces, in Plain Terms, Laymen and Preachers or Priests Who Cater to and Wink at the Accursed Rum Traffic.

John G. Woolley, the leader of the nation against the rum traffic—the Knight of the Cross and soldier of the true legion of honor—did great good for the cause of total abstinence during his recent visit to this place. East Liverpool was well represented on each occasion, and gave evidence that the cause of prohibition has warm advocates in our sister city. Woolley speaks in plain terms of the rum traffic and those engaged therein; but he speaks even more plainly of those who, by vote or influence, assist the business upon which the curse of God rests, and he spares not church member, preacher nor priest. John G. Woolley is no respecter of persons. And yet he is a Christian gentleman, in the very truest sense of the term. He believes the church to be apathetic and almost dead, in so far as its work against the rum demon, the devil's chief agent, is concerned, and believes that the organized societies, Rechabites, Washingtonians, Sons of Temperance and kindred organizations, are far in advance of our churches in this particular. But he believes that the church of God upon earth must eventually do the work, when rotten members and rotten preachers are eliminated therefrom. For the true minister of Christ—he who does his duty to God, John G. Woolley has the most sincere admiration, love and respect; and yet John G. Woolley is the man whom a preacher of East Liverpool branded as "worse than a thief, an anarchist or a red-handed murderer." Shame on such a preacher or would be leader of Christian men, women and children. John G. Woolley passes contemptuously by all such traducers, not considering them worthy of an honest, Christian gentleman's notice; but we of the smaller fry wonder why such words from a minister's lips, directed against the great temperance leader's life and character, did not turn into hissing, scorching steam, and wither the vile accusation before it escaped from his lips. Reverend Littell, pastor of the United Presbyterian church, and Reverend Lowry, pastor of the First Presbyterian church, felt honored to stand upon the platform with John G. Woolley, who last night spoke at the First Presbyterian church to the Christian Endeavorers, and afterwards addressed a large audience from the pulpit of the United Presbyterian church, where Pastor Littell spoke of him in warm terms of praise, as an able, efficient, trustworthy and eloquent follower of the blessed Christ. Woolley took as his subject the blind man by the wayside, the whom Christ restored to sight by the application of spittle and clay; and from this incident he adduced the proof of the necessity of man helping his brother man; helping him when the sufferer needed help; helping him upon the spot, and theorizing and investigating the poor fellow's character, if need be, after care and comfort had been bestowed. He described how the good-hearted people passed by, and did not see the blind man; people of every class; the banker, the storekeeper, the workman, and even the priest; they did not see him; the priest did, but he had no money with him, hence could not aid nor comfort. But Jesus had his eyes open for suffering and sufferers. He could see misery whenever and wherever it appeared. He had no money. But this made no difference. He did what he could and he did it at once. He went down on his knees by the blind man's side; did not even place a handkerchief upon the ground upon which to kneel, but knelt upon the ground, spat thereon, and out of the spittle and clay made a paste; not a costly paste or ointment of rare value; the Christ had none of these; but He used what he could, and used it then, and God blessed His efforts, and the blind man received his sight. Oh, Christian men and women, do your duty; do what you can. God will hold you responsible for what you can and will not do. Do your duty to humanity; practice what you preach and pray; get away from the dirty rum seller in his dirty business; you despise him and his business and will not admit him to your family or your social circle; for God's sake, for humanity's sake, get away from him. And you, Christian voters—get away from him at the ballot box; you have the power, you church members, to banish the American saloon and the rum traffic forever from the face of this fair republic. In the name of God do it—do it with your ballots. Give what you can, and give it now.

ROBBED A WAGON.

Alonso Phillips Makes an Early Start in Crime.

Alonso Phillips, aged about 18 years, a son of Lon Phillips, who resides on

upper Commerce street, branched out as a highwayman Saturday. He boarded Turner's butcher wagon from the rear, while the wagon was in motion, and secured the cash box containing \$8.88. Young Phillips departed as he came with the cash box in his possession, and made his escape to the river bank, where he emptied the contents of the box in a sack and then secreted the sack and box in separate places. It was not long until Turner became aware of his loss, and he suspected young Phillips. Officer Mick was notified, and after a short search, located the boy. Young Phillips, as soon as the officer arrested him, confessed the theft and disclosed the whereabouts of the missing cash. He was, after the money was secured, promptly placed in jail.

THEY NEED OFFICERS

To Patrol the Line Between East Liverpool and Wellsville.

It is evident that at times officers are needed to patrol the car line between East Liverpool and Wellsville. One could have found duty on a west bound car late Saturday afternoon. Three young men, who might have been taken for gentlemen at any other time, boarded the car at East Liverpool and from their conversation had been in attendance at some place of ill repute. The car was crowded, and among the passengers was one lady. The three in their conversation used oaths and obscene language to their own satisfaction. One was so intoxicated that he didn't know a quarter of a dollar from a nickel, at least he paid his fare with a quarter. It was expected the motorman would ask them to vacate the car, but he did not. Some action should be taken either by the company who operate the line or the civil authorities.

ON THE BOWERY.

It Was Very Lively and Disgraceful Saturday Night.

Wellsville can boast of a Bowery, located over on Third street, which is even livelier than the Bowery in New York City at times. Saturday evening they kept open house for white and colored, who proceeded to enjoy a "social hop" as they term it. The back room was occupied by ladies (?), colored and white. The ante room contained the gentlemen (?). The orchestra was composed of one violin. Dances of a low order were indulged in, and general rowdiness displayed on every side. If there is no city ordinance prohibiting all such open houses one should be enacted at once. Public decency speaks loud for this reform as well as many others in the corporate limits.

THE MAYOR'S REPORT.

He Is Keeping His Decision Closely to Himself.

Much interest is manifested in the coming report of Mayor Jones of the recent police investigation. No one knows what the decision will be as the mayor has kept it religiously to himself. It is believed the mayor will give it all to council at the next regular meeting. If this happens the matter may become a lively question for police discussion. Several councilmen express their willingness to give the matter a thorough test, and leave nothing undone that will aid in disclosing the identity of the party who liberated Jabby Geisse.

The News of Wellsville.

The entire family of Mr. Browning of Eleventh street, are confined with grip.

Miss Elsie Boring and Miss Erla Duffy, who have been for the past few weeks numbered among the sick, are again well.

There has been much discussion among naturalists and in sportsmen's journals regarding the ability of the black snake, our one constrictor, to travel swiftly amid the branches. Ten thousand men have seen the sleek black streak of rope accomplish the feat easily. Here is but one incident:

The black snake's habitat includes Illinois. LaSalle county is not far north of the center of the state, and perhaps a little west of the center line drawn north and south. There are some very good woods in LaSalle county, because through that county run two of the Mississippi's tributaries, the Illinois and one of its branches, the Vermilion. Bailey's creek is one of the little farm land tributaries of the Vermilion river. Along the creek are reaches of woodland, or at least there were awhile ago. In those bits of woods—bits as compared with Michigan forests—there are and have been black snakes, great fellows, worthy of their reputation farther east. This is what happened one day when a young fellow went hunting. It is worth the telling, because it illustrates the black snake's nimbleness among the tree tops:

Wandering along cautiously and quietly, looking for a shot on either side, the young man heard suddenly an uncommon rustling among the leaves above him. He looked up and saw something that astonished him. A fox squirrel—and a fox squirrel is the biggest of the squirrel kind—was leaping from limb to limb, from tree to tree, in mortal fright, evidently fleeing from some deadly enemy. Close behind him, curving, twining and twisting, but with all details of its locomotion invisible from below, so swift its progress and so easy its passing from limb to limb and tree to tree, came three to five feet of blackness. It was a black snake pursuing the fox squirrel. Its chase was hopeless, but the ability and the hungry earnestness of this one constrictor of our northern woods were demonstrated remarkably. As for the man underneath—well, he was a young fellow with a shotgun. The young fellow with a shotgun is a reasonably good shot in the country, and he kills snakes. He poured a load of shot into that black streak among the branches, and it dropped to the ground, merely a fowl, dead, moderately sized specimen of Boscawen constrictor.—Recreation.

FAUST TOMORROW NIGHT.

Goethe's Masterpiece Will Be Presented at the Grand.

The Morrison company will present "Faust" at the Grand tomorrow night. In this version the role of Mephisto is made a jolly, jovial devil, one well calculated to enslave the souls of men; the scenic effects are strongly brought out. One of the most notable is where Mephisto exults over the capture of Faust's soul when the blazing cross appears above the cathedral doors. The broken scene is another part where the electrical effects are beautiful. Nothing has been spared to make this the best production of Faust the city ever witnessed.

Sent to the Infirmary.

The trustees this afternoon sent Millard S. Roby to the infirmary. He had been here since Friday, and hailed from Grafton, W. Va. He is a cripple, and when applying for aid asked to be sent to the county institution.

The River Is Closed.

Word was received at the wharf this afternoon, saying that the river was closed at Marietta. The Keystone, Ben Hur and Kanawha will tie up in Pittsburgh.

Fire at the California.

The heat from a kiln fired the roof of the California pottery early yesterday morning. The flames were extinguished before much damage was done.

Some One Will Get It.

The presentation of the phonograph by the jiggerman's local will take place in Brotherhood hall, Wednesday evening.

was returned to jail. Saturday morning he was willing enough to pay the city \$6 for his freedom.

The Asbury Brotherhood held its meeting yesterday afternoon at 2:30 in the Methodist Episcopal church. An excellent service was held, and about 35 new members taken in.

The car shop employees were again made happy Saturday, when it was learned that orders were given for them to go on for nine hours, six days during the week. This action bespeaks that it will not be long before everyone will be put on regular time.

From railroad circles it is learned that the Cleveland & Pittsburg company will put on another regular switch engine in the Cleveland yards on account of the extra heavy shipments of ore and iron. Most of the ore and iron arriving at this point is shipped to points down the river—very little of it goes to Pittsburg.

THE BLACK SNAKE.

He Is as Much at Home in Tree Tops as on Terra Firma.

There has been much discussion among naturalists and in sportsmen's journals regarding the ability of the black snake, our one constrictor, to travel swiftly amid the branches. Ten thousand men have seen the sleek black streak of rope accomplish the feat easily. Here is but one incident:

SHATTERED THE STOVE

A Mysterious Explosion In Mrs. Thompson's Kitchen.

COULD NOT HAVE BEEN GAS

There Was a Loud Report, and the Stove Was Reduced to Small Pieces—Lids Broken and Heavy Castings in Bits—No One Was Hurt.

An explosion shattered the range in the kitchen at Mrs. Viney Thompson's residence, on Washington street, this morning, and strange to say no one was hurt.

Nellie Woodburn, the servant, was preparing breakfast, when she was startled by a loud report. The next instant the top of the stove seemed to rise in the air, the sides came out, and the bottom dropped to the floor. Blazing coals were scattered through the room, and pieces of the stove were sent flying into all corners. The explosion was heard throughout the neighborhood, and Tom Thompson ran from his room to the kitchen without the formality of putting on his shoes. As a result his feet were burned. The stove was a complete wreck. Lids were broken as though they were made of paper, and the bottom was reduced to small pieces. No part of it resisted the force of the explosion. No cause is assigned for the happening. The stove was not connected with the gas system, coal being used for fuel.

AN IMMIGRATION LAW.

Strong Demand For One In the House of Representatives.

WASHINGTON, Jan. 25.—The most interesting feature of the house program for the coming week, unless the Nicaragua canal bill should receive consideration, which in view of the recent complications seems entirely improbable, will be the fight against conference report on the immigration bill. Mr. Bartholdt of Missouri, who made an ineffectual attempt to prevent the bill from going to conference, will lead the opposition to the bill as agreed on by the conferees.

There seems to be little doubt that the friends of the measure will be triumphant in the end as the sentiment in favor of an immigration bill in the house is, as shown by the votes on previous occasions, in a strong majority. Nevertheless Mr. Bartholdt proposes to do all in his power to defeat the conference report. Two appropriation bills, the agriculture and Indian, will probably consume the remainder of the week. There are some features of both bills which may cause considerable debate. Such time as can be spared will be given to the committee to call up such bills as have been reported by them.

MONETARY CONFERENCE BILL.

The Measure Likely to Be Debated and Passed Tomorrow.

WASHINGTON, Jan. 25.—The senate program this week is rendered very uncertain by the condition of the Nicaragua canal bill. With that measure out of the way the bankruptcy bill probably would be given the right of way early in the week, but even with the road cleared to the extent of the removal of the Nicaragua bill it is not probable that any headway would be made with the bankruptcy bill before Wednesday.

It is known that Senator Turpie will take advanced ground favorable to Cuban recognition in a speech he is to deliver, and it is hinted that he will take occasion to criticize Mr. Olney's position sharply. Mr. Turpie's speech may prove to be the first of several on the Cuban question, but the committee on foreign relations is manifesting no disposition to press the resolutions to a vote.

Tomorrow Senator Chandler expects to secure a vote on his bill providing for the representation of this country at an international monetary conference. There will be several short speeches and more or less running debate on this measure, but it is believed that all substitutes and amendments will be voted down and the bill passed before the close of the day set for its consideration. Senator Cameron has a substitute requiring this government to take the initiative in calling a conference which may give the movers of the original bill more or less trouble.

PITH OF THE NEWS.

Ex-United States Senator John Martin of Kansas has been appointed clerk of the state supreme court.

Rev. R. A. Morley, ex-president of the Northern Illinois college, was convicted by a court of ministers of indecorous conduct toward lady pupils.

Rev. Solomon S. Burleson, father of the Oneida Indian reservation, and one of the most notable Episcopal clergymen in the northwest is dying near Milwaukee.

Miss Sophonisba P. Breckinridge, daughter of Colonel W. C. P. Breckinridge, is the first woman admitted to practice before the court of appeals of Kentucky.

Republican members of the Kansas legislature gave the complimentary nomination for United States senator to J. R. Burton of Abilene. Ex-Senator John J. Ingalls got three votes.

Chicago's civil service commissioner has exonerated Assistant Superintendent of Police Ross and Inspector Shea of charges of complicity in a recent bond robbery. The charges were preferred by "Sleepy" Burke, an ex-convict.
